## Lewis Latimer Booklist

### Light Bulb: Eureka! The Biography of an Idea

by Kathleen Weidner Zoehfeld & Stephanie Dehennin (4-8).

A history of the light bulb, and a look at the many ways they light up our lives. Nonfiction.

### Lewis Latimer: The Man Behind a Better Lightbulb

by Nancy Dickmann (6-8).

Follow Latimer's work with Bell and Edison and learn how Latimer's carbon filament changed the world. Nonfiction.

### VIP: Lewis Latimer, Engineering Wizard

by Denise Lewis Patrick (6+).

An artist as well as engineer, Mr. Latimer is the focus but other trailblazing inventors are introduced here, too. Nonfiction.

### What Color Is My World? The Lost History of African-American Inventors

by Kareem Abdul-Jabbar et al. (8+).

A handyman teaches 13-year-old twins about undersung Black inventors, including Mr. Latimer. Nonfiction.
