

WEWOW

EARTHLINGS WEEK

PRODUCED BY *Tinkercast*

Name: _____ Date: _____

Activity: Good Earthlings Guide

All week long we've been talking about how to be the best Earthling we can be and exploring different ways to care for the planet. Let's cap it off by designing a poster highlighting the things we pledge to do going forth to be the best Earthlings we can be!

Materials:

- Pen and paper
- Upcycled cardboard
- Markers, stickers, etc.

Wow-To:

Step 1: Fold a sheet of paper in half.

Step 2: On one side of the page list all of the things you can do that are helpful to the planet. Things like unplugging cords when they are not in use, using rechargeable batteries, planting trees and reusing things as much as possible before getting new things.

Step 3: Then on the other side of the page, make a list of the things you should try to stop doing because they are hurtful to the planet. Like buying water in plastic bottles, taking long showers or leaving the water running while brushing your teeth.

Step 4: Choose to 3-5 of these ideas that you really want to work on and turn them into a poster that you will hang in your house or classroom to remind yourself and others to be the best Earthling you can possibly be!!
