## EARTHLINGS WEEK

PRODUCED BY *Tinkercast*

Name: \_\_\_\_\_ Date: \_\_\_\_\_

### Activity: Earthling Adventure Scavenger Hunt

There are so many things we can do to help combat climate change and care for planet Earth. Organizing a neighborhood scavenger hunt cleanup is one of them! Think of a place in your neighborhood that could use a good clean up. This could be a nearby park or playground or any other safe place in need of a good sprucing up.

#### Materials:

- Pen & paper
- Gloves
- Trash bags
- Scavenger hunt checklist

#### Wow-To:

**Step 1:** Safety first- be sure to include a grown-up in all of your planning!

**Step 2:** Choose your location- think about places you frequently pass that might benefit from a really good cleanup. Make sure it is safe and easily accessible.

**Step 3:** Decide who is coming for the clean up and pick a day and time that works for all.

**Step 4:** A good scavenger hunt needs a list of treasures (or trash in this case) to hunt for.

Create a checklist of the different kinds of trash that you might find (e.g.: soda cans, water bottles, wrappers, paper, plastic utensils, straws, etc.).

**Step 5:** Gather all of your pick-up supplies so you are ready on the day of the hunt.

**Step 6:** When the day arrives- get outside and start hunting, errr cleaning.

**Step 7:** Pat yourself on the back for a job well done!
