## Annie "Londonderry" Kopchovsky: Cyclist

Annie was a real show-woman who relished all publicity! Pretend that you are Annie right before you are commencing your epic bicycling journey. Create a 30-second radio ad or announcement telling folks all about the grand adventure you are about to go on.

## Steps:

- Write an outline for the ad. What will the story be that you tell?
- Write a script including <u>exactly</u> what you want to say, and what sound effects or sound clips you'd like to include.
- Practice saying it out loud. Don't go too fast!
- Record it!
