

Who, WHEN, **WOW!**

PRODUCED BY *Tinkercast*

Name: _____

Date: _____

Shirley Chisholm

We see the impact the ideas and work of people from long ago have made on the world we live in today. The inventions that we now depend on, the rights that we now enjoy, the things we can do, watch, play, read and create...so many wouldn't be possible if it hadn't been for them.

What kind of impact do you think Shirley Chisholm had at the time when she was alive? Think of someone who lived at the time as Chisholm whose life would've been impacted by her work. Write a letter to her from that person's point of view.

Things you might include in the letter:

- A personal story from the letter writer that explains why they're writing
- Questions they want to ask Shirley Chisholm
- An offer to help Shirley do the work she does in some way

Dear Hero,
