

WE WOW

Name: _____

Date: _____

LISTEN & LEARN

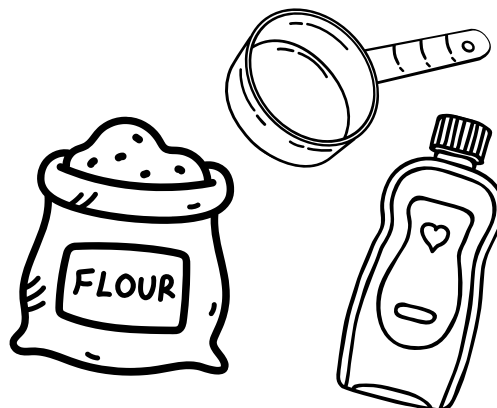

In the Martian Beach Party episode of Wow in the World, the podcast for curious kids, Mindy and Guy Raz are on a quest to find the best beach in the galaxy.

ACTIVITY: MOON SAND

If you can't make it to the beach, bring the fun of it to yourself with this sensory delight. Moon sand is incredibly easy to make! With only two ingredients, you'll be playing with this soft, sensory sand within minutes.

MATERIALS

- Measuring cups
- 8 cups of all-purpose flour
- 1 cup of baby or vegetable oil
- A large mixing bowl
- A wooden spoon
- An airtight for storage
- beach toys and/or play dough molds

WOW-TO

1. Add 8 cups of flour to a large bowl.
2. Add 1 cup of oil to the flour.
3. Use a wooden spoon to stir the flour and oil together until combined. It will take about 5 minutes. It's done when the texture is consistent and the flour is moldable with a spoon.
4. Enjoy your moon sand- the mold-ability of this stuff is truly amazing!

Moon sand will last 2-4 weeks if stored in an airtight container or baggie. Throw it away as soon as it starts to look dirty or smells funny.
