MATERIALS

- Rocks
- Permanent markers
- Clear nail polish

WOW-TO

1. Grab a marker and start doodling on a rock. The sky's the limit when it comes to your design.
2. When you're finished doodling, coat the rock with clear nail polish and let them dry.
3. You can use your rock doodles in so many ways, from gifting, to placing them in a garden, to creating magnets, as a napkin or paper weights.
