ACTIVITY INSPIRED BY

A Weekend at Bioworld

MATERIALS

- ★ Clean wide-mouth jars with lids
- ★ Small pebbles
- ★ Activated charcoal
- ★ Soil ★ Small figurines
- ★ Cuttings from succulent plants

TERRARIUM JARS

These are so easy to make and are a great way for kids to learn how to take care of plants.

ACTIVITY
WOW TO:

1 Pour some small pebbles into a clean, dry jar.

2 Add some charcoal and soil to the jar as well.

3 Snip off small sections of a succulent plant and poke them into the soil.
Optional: You can also add some plastic figurines if you like.

4 Water the terrarium with a spray bottle if you have one.

5 Place the lid on the jar and enjoy!
