

# Time to WOW!

**Get started with these questions and challenges to make your party pop!**

**TIP: Print this sheet, cut out the challenges, put them in a bowl, and have each guest grab one. Be sure to fill in the blank ones with your very own challenges!**

## There are Two Types People in this World

Interview or take a poll of party guests, asking the question: "Is a hot dog a sandwich?"

## A Poet? You Know It!

Ask someone to SPEAK, not SING the lyrics to their favorite song.

## Say CHEESE!

Take a group selfie with your guests where everyone is smiling with their bottom teeth only!

## Greetings!

Imagine the words "Hello" and "Goodbye" have disappeared from every language. Ask each of your guests to help come up with new words to use in their place! And then use them before you part ways!

## Back When I Was Your Age...

Imagine you've fast forwarded 75 years into the future, and you meet kids who are the age that you are now! What would you tell them about your life? In your best grandma or grandpa voice, share a story from your ol' "kid days!"

## Do We All See the Same?

Fill a clear cup with water half way. Ask your guests whether they see the cup as half full or half empty.
